Packing summary

Item	Pallet IDs	Pallets	Kits / pallet	Total kits
Starlink Mini X kit	DEMO-01 to 10	10	104	1,040

Illustrative quantity: **10 pallets × 104 kits per pallet = 1,040 kits.** Actual loads may differ.

Complete from the actual shipment

Field	What to enter
Kit version / part number	Match the version and part number on the carton label.
Carton count	Enter cartons per pallet and total cartons.
Pallet dimensions (cm)	Record length × width × height of each packed pallet.
Net and gross weight (kg)	Record the measured values per pallet and the shipment totals.

Use the final packing records to complete the shipment document. The example above represents no actual shipment.
